### III. Cách phát triển câu trả lời cho Speaking part 1

**1. Technique 1: 5W1H**

Thí sinh nên cố gắng mở rộng câu trả lời thay vì chỉ trả lời câu đơn hoặc trả lời Yes/ No.

Cách để mở rộng câu trả lời: 5W1H (What – When – Who – Where – Why – How)

❖ **Sample questions**

**Do you like reading books?**

What: novels, short stories, science books, or self-help books

Who: read alone/ read books recommended by teachers

When: read in the evening/ at the weekends/ in the free time

Where: read at home/ in a quiet library/ in a cafe

Why: improve my vocabulary/ reduce stress

How: read printed books/ e-books/ read a few pages everyday

=> **Sample:** Yes, I like reading books. I usually read in the evening or before going to bed because it helps me relax after a long day. I often read novels and science books, as they are interesting and informative. I prefer reading at home in my bedroom because it is quiet and comfortable. Reading books helps me improve my vocabulary and learn new knowledge. I usually read a few pages every day, and sometimes I write down new words to remember them better.

**Do you prefer printed books or e-books? Why?**

What: printed book/ e-book

When: read in the evening/ read e-books when travelling

Where: at home/ on the bus/ in a cafe

Why: printed book (Easier on the eyes, enjoy the smell and feeling of paper), e-book (Convenient and portable, Easy to search words and take notes)

=> **Sample:** I prefer e-books because they are very convenient. I can read them anywhere, such as on the bus or while waiting for someone. E-books are easy to carry, and I can store many books on one device. They also allow me to look up new words quickly. Therefore, e-books are a good choice for busy people like me.

**2. Technique: Nêu lý do (Reason)**

**Question:** Do you enjoy cooking?

=> **Answer:** Yes, I enjoy cooking because it helps me relax after a long day and gives me a sense of achievement. I like choosing fresh ingredients and trying new recipes, which makes meals more interesting. Moreover, cooking at home is healthier and allows me to prepare food that suits my taste.

**3. Technique: Đưa ra thông tin quá khứ, hiện tại hoặc tương lai**

**Question:** Do you like science?

=> **Answer:** Yes, I like science. In the past, I was interested in science at school because I enjoyed doing experiments and learning about natural phenomena. At present, I still like science and often read articles or watch videos about technology and environmental issues, as I find them useful and interesting in daily life.

**4. Technique: Đưa ra ví dụ thực thế**

**Question:** Do you usually read news online?

=> **Answer:** Yes, I usually read the news online. For example, I check news websites or mobile apps in the morning to read about current events and the weather. I also follow online newspapers on social media to get updates about education, science, and important international news.

**5. Technique: Đưa ra ưu điểm và nhược điểm**

**Question:** Do you prefer studying alone or studying in a group?

=> **Answer:** I prefer studying in a group because it helps me share ideas and understand difficult lessons more easily. For example, when I don't understand a topic, my friends can explain it in a simple way. However, the drawback is that group study can sometimes be distracting, as people may talk about unrelated things. Overall, I still choose group study because the benefits are greater than the disadvantages.
