C. READING COMPREHENSION

I. Read the passage about clothes, then answer the questions below. (1,25 points)

Clothes can tell a lot about a person. Some people like very colorful clothes because they want everyone to look at them and they want to be the center of things. Other people like to wear nice clothes, but their clothes are

not colorful or fancy. They do not like people to look at them. Clothes today are very different from the clothes of the 1800s. One difference is the way they look. For example, in the 1800s all women wore dresses. The dresses all had long skirts.

But today women do not always wear dresses with long skirts. Sometimes they wear short skirts. Sometimes they wear pants. Another difference between 1800s and today is the cloth. In the 1800s, clothes were made only from natural kinds of cloth. They were made from cotton, wool, silk, or linen. But today, there are many kinds of man-made cloth. A lot of clothes are now made from nylon, rayon, or polyester.

1. Why do some people like very colorful clothes ?
2. Were the clothes of the 1800s the same as clothes today ?
3. Who wore dresses with long skirts in the 1800s?
4. What is another difference between 1800s and today?
5. When were clothes made from only from natural kinds of cloth ?
