B. Tourism is development is going up in this country..
C. This country depends on its tourism for making its income.
D. In order to develop, this country invests into tourism.

Read the passage and choose the option that best completes each space. (11- 20)

What is tasty is not always healthy. Doctors say that chips and pizzas are (11) , cola spoils our teeth, and coffee shortens our lives. If we eat (12).....much, we'll become obese, and obesity leads to heart disease, diabetes, and other serious illnesses. Unfortunately the world today is (13)...fatter and fatter. Lack of exercise is another serious problem. We spend hours in front of our computers and TV sets. (14) of us do morning exercises. We walk (15)because we prefer to use cars or public transport. Research shows, however, that young people who don't do enough exercise often suffer from heart attacks later in life. It's common knowledge that smoking and drinking can shorten our lives (16)..... Cigarette-smoking, for example, kills millions of people every year. Many of them die (17)lung cancer. Yet many young people still smoke and drink. Why? One (18)is that tobacco and drinks companies invest enormous (19) of money in advertising their products. For them, cigarettes and alcoholic drinks mean money. For us, they mean disease and even death. We all know that the healthier we are, the better we feel. The better we feel, the longer we live. So why not (20)ourselves?

| C. flew / had been thought | D. was flown / was thought |

Question 29: Choose the answer (A, B, C or D) that best completes each unfinished sentence.

Vinh Long, I visited recently, has grown to a very rich city over the past ten years.

- A. that B. which C. where D. who

Read the passage carefully and choose the best answer (30 – 34)

Space travel is hard on people's bodies. Spending long amount of time in space makes bones and muscles weak. It is hard to eat in space. It is hard to sleep and take showers. Scientists use space stations to study how people can live and work in space. Space station orbit around the earth. The Soviet sent up several space stations. The first, Salyut I, was launched in 1971. The first US space station, Skylab, was launched in 1973. The most famous Soviet space station was Mir, which orbited Earth from 1986 to 2001. Astronauts from many countries visited Mir. Many of them performed experiments on the space station. They learned many things about living and working in space.

In the late 1990s, many nations worked together to build an International Space Station. The space shuttle carried parts for the station into space. Astronauts put the pieces together. The International Space Station was scheduled to be completed by 2006. The goal is to have people living and working in the space station all the time. Someday, maybe everyone who wants to will be able to travel into space.

Question 30: People's bodies.....

- A. cannot stand up for the hardship of space travel.
B. get weak when people spend a long time in space.
C. get dirty easily in space.

Listen to Stephen talking to Jenny about making some soup. For questions 11 to 15, tick A, B or C. You will hear the conversation twice. Look at questions 11 to 15 now. You have twenty seconds.

[pause]

Now listen to the conversation.

Stephen: This soup is amazing, Jenny. Do you use fresh tomatoes to make it?

Jenny: No, Stephen. I just use a can of tomatoes. Some people think roast tomatoes are best, but that's too much hard work for me.

Stephen: Who taught you how to make it?

Jenny: My aunt's friend gave the instructions to my mother, who changed them a bit, then taught me.

Stephen: It's not too thin, is it?

Jenny: That's because I don't use much water. At first, I used four cups, then three, but I think two is best really.

Stephen: So, what else is in it?

Jenny: Some butter, an onion, the tomatoes, salt and pepper, and to make it really nice, a cup of milk. It's much cheaper than cream, you know.

Stephen: Mmm. How long does it take to make?

Jenny: No longer than twenty minutes. You fry the onion for five minutes, add everything else, then boil for about ten.

Stephen: So, what are we having for the main course?

Jenny: Well, we're having fruit cake for dessert, and for main course we've got pasta. I wanted to do lemon chicken, but I didn't have time.

Stephen: Lovely!
